

high quality ingredients

clean ingredients

and these are just some ingredients we will **never ever** put in our food....

acesulfame-K

artificial colors (certified/FD&C)

artificial flavors

aspartame

azodicarbonamide

benzoates

benzoyl peroxide

bleached flour

brominated vegetable oil

BHA

BHT

caffeine

calcium bromate

calcium peroxide

caramel color (3&4)

carmine

dimethylpolysiloxane

high fructose corn syrup

hydrolyzed vegetable protein

hydrogenated oils

interestersterified oils (IE)

isomalt

lactitol

malitol

mannitol

mycoprotein/Quorn

monosodium glutamate (MSG)

monopotassium glutamate

partially hydrogenated oil

potassium benzoate

potassium bisulfite

potassium bromate

potassium metabisulfite

propyl gallate

saccharin

sodium benzoate

sodium bisulfite

sodium metabisulfite

sodium nitrate/nitrite

sodium sulfite

sorbitol

sucralose

TBHQ

xylitol
